#### LES Training - Fundamentals of Intellectual Asset Management Course 26-28 April 2010 Cranfield Management Development Centre Cranfield University Bedfordshire MK43 0AL

The Licensing Executives Society is an international networking and educational organisation that works to improve all aspects of intellectual asset management, technology transfer and commercialisation of intellectual property- from technical know how and patented inventions to software, copyright and trade marks.

The internationally-developed *Fundamentals* course is a key aspect of this endeavor and is run several times a year at various locations around the world. We are again offering the course in the UK at the prestigious Management Development Centre, Cranfield University.

As you may have heard from previous course alumni, *Fundamentals* provides a stimulating mix of lectures and interactive exercises. There is the opportunity to benefit from the experience of seven expert presenters drawn from fields ranging from brands to biotech and software to service marks.

For further information contact Jennifer at  
[les@northernnetworking.co.uk](mailto:les@northernnetworking.co.uk)

or visit [www.les-bi.org](http://www.les-bi.org) for further details
